

ELEGANZA

BS METAL RANGE

Built to British standard in a state-of-art factory using high engineering standards.

Eleganza metal switched are elegantly designed and easy to assemble.

Eleganza is a slim metal profile with invisible fixing screws having modern look

The switches contact are made of High Quality Silver Alloy which has outstanding performance against electric arc

Rockers can perform 40,000 On / Off operations.

The metal contacts of socket are made of Phosphorus Bronze which has character of good electrical conductivity.

Metal plate can be vertical, horizontal or swirl finish to match decor.
