LEGACY
BS Metal Range

Technology which Cares.

Making Workplace Safer:

MAXIMUS strive and adhere to best practices & guidance to customers on complying with relevant regulatory safety standards, encouraging a more professional approach and improved services for safety.

Relevance, Functionality & Performance:

MAXIMUS business philosophy drives us to respond to our customer requests of higher efficient products built strictly on international accepted standards and designed for better performance for today and future.

Eco friendly Products & Going Green:

MAXIMUS insists on "Going green" which means to pursue knowledge and practices that can lead to more environmental friendly and ecologically efficient products. We essentially use environmental -friendly plastic / metal components that are biodegradable and low in toxicity & help protect the environment and sustain its natural resources for current and future generations.

Energizing Lives In Style & Safety

Built to British standard in a state-of-art factory using high engineering standards.

BS Metal modular switches are elegantly designed and easy to assemble.

The front plates are made up of High Grade Metal which is environmental friendly.

The switches contact are made of High Quality Silver Alloy which has outstanding performance against electric arc.

Rockers can perform 40,000 On / Off operations.

The metal contact of socket are made of Phosphorus Bronze which has character of good electrical conductivity.
